Notice To Public

The public is advised that IVCSD is currently experiencing an office staff shortage. This shortage has caused ivcsd to change some of our procedures temporarily. This includes changes to how our meeting agendas are shared and will delay the posting of meeting minutes and video. Email notification of meetings may be interrupted until staffing issues are resolved. Please be patient with us as we work these procedural details out.

The public is encouraged to keep engaged with the staff and Board during this staffing shortage. We welcome open communication and public input.

Until staffing issues are resolved:

Meeting Agendas will be posted on IVCSD home page,
<https://www.indianvalleycsd.com/>

Please submit questions, concerns, comments and public comments to our office at,
